SAINT LOUIS, MISSOURI

CIRCULAR RELATES TO NEW POSTAL ARRANGEMENTS

ST. LOUIS:

THURSDAY MORNING, DEC. 11, 1856.

New Postal Arrangement.

The uncertain and unsatisfactory mode of addressing persons in California, has induced the Post Office Department to establish a system of registration which will insure greater promptness in the delivery of letters and documents transmitted to the Pacific region, and in order that there shall be no mistake in the plan, the department has caused to be printed and forwarded to nearly all the post masters in California, a detailed explanation of it. The system, the Washington Union says:—"Consists merely in sending to the New York post office a slip of paper, upon which is copied the address of the letter you have just deposited in the mail. The slip of paper should be cut to fit the envelope loosely, and must be enclosed without folding, together with a three cent postage stamp, in a prepaid envelope, and directed to the "Pacific Mail List," New York Post Office. The address on the slip of paper thus received at the New York post office, will be entered in its appropriate place in the "Pacific Mail List," which list is printed, and, being sent by each mail to each and every post office in California, and the Territories of Oregon and Washington, it will point out to those persons whose letters are published therein, the post offices to which the letters were sent. A person may thus at once receive intelligence of a letter that has been sent to a post office four or five hundred miles away, which otherwise, in all probability, he never would have received; he may also change his residence to the Pacific region as often as motives of business or pleasure may dictate, and yet run no risk therefrom of losing his letters, provided his friends at home have thought proper to register the same in the "Pacific Mail List."

Observe, it is only the address of the letter that must be sent on a slip of paper, together with a three-cent postage stamp, in a prepaid envelope, to the "Pacific Mail List, New York Post Office;" the letter itself must be deposited in the mail as usual, precisely as if no such system of registration was in operation. No other writing should be on the slip of paper than the address of the letter, and the slip should be enclosed in the envelope without folding."
